

Our Structures Department is Growing!

Ethos Engineering is pleased to announce that **Kenneth G. Ruffennach, PE** has recently joined Ethos Engineering as a Senior Bridge Engineer. With more than 32 years of local structural design experience, Ken has had the opportunity to work on many bridge and transportation structures throughout Arizona.

Ken has a Bachelor's degree in Engineering from Arizona State University and is on the Bridge Technical Committee for AzSCE. Contact Ken to learn more about his experience.
