

Geotechnical Department Designs a Foundation for Growth

(L to R) Magdaleno Meza, Pancho Garza, Keith Dahlen, Daniel Fréchette, and Jesse Huston

Growth is occurring everywhere you look and the geotechnical group at Ethos is no exception. “We have made a few key hires to strategically expand our geotechnical group”, stated Keith Dahlen, Department Manager. “We’re excited for the future and these individuals are a perfect fit to strengthen our existing team and allow us to expand our services with ADOT, MCDOT, FCDMC, and Municipal work”.

Contact Keith at 602.573.0000 to discuss how Ethos can assist with your geotechnical needs
